

UNDERSTANDING YOUR LIFESTYLE NEEDS...

Garden design is all about making your garden work for you by matching your needs and preferences – what you want from your garden – to the fixed conditions of your garden environment.

This questionnaire has been developed to uncover and highlight those needs. Your feedback is the first part of a process designed to ensure you get the very best value from development of your outdoor living.

Please complete this questionnaire and return to Plantman;

PO Box 31 Greenhithe
